Dear Parents / Carers,

After our 4 day bank holiday week last week and our visit from Ofsted, we are now back into the swing of things. All the children have settled into their learning really well, even though they are now saying that they are tired - I think it's the reality of having to get up early every day!

Maths

This term we are focussing on Maths - we love Maths at Eastfield! Each week I shall be sharing Maths facts with you and maybe even a puzzle or problem for you all to solve. Parents, we really do need your help - our children need to know their timestables so can you please help them to learn them and help to test them!

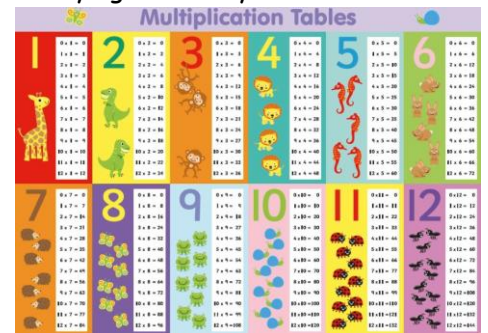

Parent workshops and meetings

Next week we are holding our parent workshop meetings for all year groups. Your child's class teachers will be leading the meetings and they will share with you all the learning and opportunities that will be taking place this term. Parent attendance at these meetings is vitally important to ensuring your child's progress within school.

Feedback needed

Mrs Reynolds, our mental health lead in school would like your feedback on the $\frac{1}{2}$ termly mental health and well being newsletter - please complete using the link below
