Theme - History/Geography

The key theme of our topic is Wolverhampton during the Victorian Era. Children will learn what it was like for children living in Victorian times and how life changed in our locality during this time.

In Geography, children learn where our food comes from. They will look at the distribution of the world's biomes and mapping food imports from around the world; learning about trading fairly, focusing on Côte d'Ivoire and cocoa beans; exploring where the food for the children's school dinners comes from and the argument of 'local versus global'.
