

Eastfield Primary School Curriculum Impact

Our 6 core values drive the curriculum to ensure that our children are prepared for the future and able to succeed in life long term. They are **proud, respectful, caring** individuals with a strong moral conscience who are **resilient** to the influence of others and make decisions for the right reasons and in the best interests of their **diverse** community and the wider world. They make the most of **opportunities** offered to them, they take risks and are emotionally resilient; recognising that we make mistakes and learn from them. Our children persevere and don't give up. They dream big and have high aspirations fostered by the belief that with determination and hard work anything is possible. Through exciting curriculum design, pupils acquire a deep body of learning over time and make interconnected links to their prior knowledge.
