

# LONDON'S BURNING

Theme - History/Geography

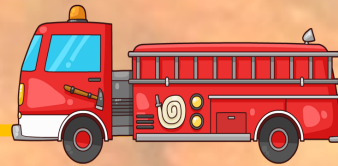

London's Burning

The key theme of our topic is The Great Fire of London. We will learn all about the significant event. We will learn about London landmarks - physical and human geography. We will develop map skills and fieldwork during our residential to Kingswood

PE

We will play small sided net games including tennis and volleyball.

In Gymnastics, we learn different balances and pathways, working individually and with a partner

Maths

Children will learn:

- Informal and mental methods of addition and subtraction
- Multiplication and division linked to 2, 3, 5, 10 times tables
- Properties of Shape
- Fractions

English

Narrative - Traditional Tales - The Enormous Turnip

Narrative - The Owl who was Afraid of the Dark

Non-fiction - Writing a recount about a residential trip to Kingswood

Non-fiction - non-chronological report about Samuel Pepys

Poetry - Great Fire of London

PSHE

We will learn about keeping our bodies safe and clean, and the importance of making choices.

SEAL

Good to be Me / Going for Goals

RE

What we can learn from Bible stories— Moses

Design and Technology

Children will learn about construction and make their own wooden house.

Children will learn about mechanisms for a fire engine.

Music

Through the units I Wanna Play in a Band and Zootime, children will learn about the dimensions of music (pulse, rhythm, pitch), singing and playing instruments. Children will also listen and appraise different styles of music.

Art

We learn the skill of collage (David Mach) and printing (William Morris)

Computing

Data handling - e-safety and researching safely into The Great Fire of London.

Science - Animals and Electricity

Children will learn about Living Things and the difference between living/dead/never alive. Children will learn about the characteristics of habitats and why they're suited.

Children will learn about plants, what they need to grow and a basic idea of how they reproduce.
